Trails: The Underdown Recreation Area trail system is located in the Underdown Wildlife Area an 8260 acre managed forest. The trails are in the forest and mowed double track. Very few rocky areas, generally flat ,with a few small hills. You could likely do it barefoot.

Camping: Underdown has a beautiful pavilion, manure pits, a nice male and female pit toilet and a hand pump. There is a large group site, where you would need to put up electric pens. They also have camp sites, where you would again need to put up electric pens, and about a half dozen high tie sites. Please contact Laurie Henschel to reserve your site.

Logistics: Registration, vetting, meetings, awards, potluck procedures TBD. We will be progressing with this event using Covid-safe guidelines as necessary. Pre-entries appreciated and may be required(covid dependent).
