

On behalf of the Distance Riding Association of Wisconsin (DRAW), I would like to propose reinstatement of the Top Ten Heavyweight and Lightweight division awards. Last year, in an attempt to develop weight categories in Limited Distance, each of the other divisions gave up end-of-year acknowledgements to compensate for the new awards. We believe reinstating Top Ten awards in Endurance will encourage riders to move up in their distances. As an organization, we feel that Endurance is the gold standard in our sport and deserves to be rewarded as such.
